

On behalf of **The Urban League of Philadelphia**, thank you for attending the **2018 Empowerment Dinner: Empower By Education**. We were honored by the participation of **Dr. William R. Hite**, **PA Deputy Secretary Matthew Stem**, and **Mayor Jim Kenney**, whose commitment to creating opportunities for Philadelphia's students is commendable.

We were proud to honor our Centennial Awardee, **Principal Stephanie Andrewlevich**, whose leadership is transforming the lives of students at Mitchell Elementary School in Southwest Philadelphia.

We were inspired by our student scholars, especially **Lauren Lofton** and **Tamir D. Harper**, college-bound seniors and Community Scholarship recipients who are poised, prepared, and determined to excel. This year, we awarded 52 students more than \$90,000 in scholarships.

And we are thankful for the support of many partners, businesses and individuals whose contributions we deeply value. Together, we are working to become a community that offers *all* of our children the opportunity to pursue quality, affordable education that prepares them for college, work and life.

With Appreciation,

Andrea L. Custis
President & CEO
